## **Guidelines for Running an Appeal**

**Define Your Purpose:** Whether it is to raise funds for a specific project, support a cause, or assist a community in need, having a well-defined purpose will help attract donors and supporters.

**Set a Realistic Goal:** Determine the financial target you aim to achieve through your appeal. Set a realistic goal that is both ambitious and attainable. Consider factors such as the urgency of your cause, the size of your audience, and the resources available to promote the appeal.

**Identify Your Target Audience:** Understand who your target audience is and tailor the appeal to appeal to their interests and motivations. Consider demographics, interests, and values of potential donors to create a compelling message that resonates with them.

**Develop a Compelling Story:** Craft a compelling narrative that highlights the impact and importance of your cause. Use storytelling techniques to create an emotional connection and engage your audience. Share stories of individuals or communities who will benefit from their support.

**Use a variety of Communication Channels:** It is essential to utilise a variety of communication channels to reach a wider audience. Employ social media platforms, website updates, email campaigns, and traditional media outlets to spread the word about your appeal. Engage volunteers and supporters to amplify your message through their networks.

Create an Effective Call to Action: Clearly state the actions you want your audience to take. Whether it's donating online, attending a fundraising event, or volunteering their time, make the call to action straightforward and easily accessible. Provide multiple options for donors to give (e.g., online, check, bank transfer), ensuring convenience for different individuals.

**Provide Regular Updates:** Keep donors and supporters informed about the progress of your appeal. Share updates on the funds raised, milestones achieved, and the impact their contributions are making. Transparency builds trust and encourages ongoing support.

**Express Gratitude:** Show appreciation to all donors and supporters. Send thank-you notes, acknowledge their generosity, and keep them informed about how their support is making a difference. A little gratitude goes a long way in fostering lasting relationships.

**Evaluate and Learn:** After the appeal concludes, evaluate its success and areas for improvement. Assess the impact, effectiveness of communication strategies, and donor response. Use these insights to refine future appeals and continually improve your fundraising efforts.

Remember, running an appeal requires dedication, effective communication, and a genuine connection with your audience. By following these guidelines, you can maximize your chances of running a successful appeal and achieving your fundraising goals.

## Work on your character

#### 'The righteous man walks in his integrity.' Proverbs 20:7 NKJV

When the Bible speaks of integrity, it means having a good character. And good character sets boundaries.

It may not always determine what you *will* do, but it always determines what you *won't* do. Character lets you realise how much you're willing to pay to get what you want. When someone in a relationship has no character, they're dangerous.

Proverbs 20:7 says, 'The righteous man walks in his integrity; his children are blessed after him.' Character doesn't have to be in the spotlight, excessively running the show. And it doesn't resort to intimidation or shaming to get its own way. The person who thinks he or she can get what they want by lying, cheating, or manipulating is sadly mistaken.

Understand this: no matter where you go, the *real* you will eventually show up! And if you don't work on your character, you won't be able to build healthy relationships. Genuine relationships require integrity; someone who shows a consistent character in all circumstances; who plays by the rules and can be relied upon; who offers credit where credit is due; who lives by faith; who trusts God to enable them to accomplish all that he or she was created and called to do.

The Bible tells us the wicked may prosper for a season, but they will not endure. And ultimately, they will most certainly not triumph (see Proverbs 11:21). The psalmist says, 'The integrity of the upright will guide them, but the perversity of the unfaithful will destroy them' (Proverbs 11:3 NKJV). So, the word for today is – work on your character.
